ABSTRACT
WA-II-186
Poffenberger-Baker Farm
Boonsboro-Tilghmanton Vicinity
Private

Mid-19th Century

This farm complex consists of a two story, five bay brick dwelling with a central entrance, a summer kitchen sheathed with German siding, a small log outbuilding and a large brick bank barn with decorative geometric ventilators. Significant for their architecture, all of these buildings would appear to date from the mid 19th century and as a group provide a prime example of Washington County's vernacular architecture. It would appear that the structures were built by Jacob Poffenberger.
